Q6. **Do you wish to speak at the Council meeting in support of your submission?** Yes

Q7. **Please provide your contact details**  
[REDACTED]

Q8. **KEY ISSUE 1: Funding of footpath and cycleways maintenance and renewal programme. Council have two options. Select below.** Option 1: Council contributes rate funding of \$250,000 to maintain current programme (COUNCIL'S PREFERRED OPTION)

Q9. **KEY ISSUE 2A: Future of Harbour Board Building** Option 1: Sell the Harbour Board Building (COUNCIL'S PREFERRED OPTION)

Q10. **KEY ISSUE 2B: Future of History House Museum building** Option 1: Sell the History House Museum building (COUNCIL'S PREFERRED OPTION)

Q11. **OTHER MATTERS FOR CONSULTATION**

Treasury Management Policies - Adopt the Treasury Management Policies as they are (COUNCIL'S PREFERRED OPTION)	No
Council Fountain not to be renewed - Do NOT pay to repair or renew the Council fountain (COUNCIL'S PREFERRED OPTION)	Yes

Q12. **FEEDBACK ON THE ISSUES:**  
not answered

Q13. **YOUR FEEDBACK ON PROPOSED RATES**

How the hell can you raise the rates of Cameron's when we don't have town supply water or sewage scheme or street lighting and have open stormwater drains through our properties. We have no footpaths and the roads up Cameron's are absolute crap. In fact the only thing we get is rubbish collection. Think again as this is a joke.

Option 1: Sell the History House Museum building (COUNCIL'S PREFERRED OPTION)

**Q11. OTHER MATTERS FOR CONSULTATION**

Revenue & Financing Policy - Comply with legislation and adopt the proposed amended policy (COUNCIL'S PREFERRED OPTION)	Yes
Significance & Engagement Policy - Adopt the Significance & Engagement Policy as it is (COUNCIL'S PREFERRED OPTION)	Yes
Treasury Management Policies - Adopt the Treasury Management Policies as they are (COUNCIL'S PREFERRED OPTION)	Yes
Council Fountain not to be renewed - Do NOT pay to repair or renew the Council fountain (COUNCIL'S PREFERRED OPTION)	Yes
Revenue & Financing Policy - Suggest Council make a change to the policy and associated LTP and Supporting documents	Yes
Significance & Engagement Policy - Suggest Council make changes to the policy	Yes
Treasury Management Policies - Suggest Council make changes to the policies	Yes
Council Fountain - Continue to pay for repair/renewal costs for the Council fountain	Yes

---

**Q12. FEEDBACK ON THE ISSUES:**

If possible, I'd like to see the fountain repurposed as a garden, fill it with soil put lovely plants in it... And then for the top, spout out laser lights. History house in the Harbaugh building should be sold as too much to upgrade and degrading being left unused. While some heritage people might not be happy about that far so interested in the building let them by and all the repairs.

---

**Q13. YOUR FEEDBACK ON PROPOSED RATES**

There is an article in the paper some time ago that talked about rates doubling in 10 years, we look like going beyond that with the current rate increases. Council needs to have some sympathy for the ratepayers particularly those on fixed incomes. Lobby for the rates rebate to be easier to get a more widely available to those who need it. Please cut back on you nice to have an stick with the need to haves.

---

**Q14. PLEASE ADD ANY ADDITIONAL DOCUMENTS YOU MAY LIKE TO INCLUDE HERE** not answered

---

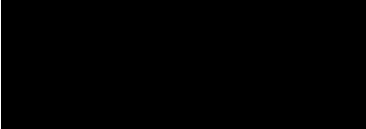

**Q15. YOUR ADDITIONAL FEEDBACK/COMMENTS**

As a ratepayer, I'd really like to thank Paul Pretorius for stepping in when called upon. I'd also like to acknowledge the council staff who have been very helpful, according to many people I know that visited the offices in person. I wouldn't want the staff to think that any of my leaders' papers is in any way a criticism of them at all. It's more about the way the elected members of council are running it... I'd also like to acknowledge and thank Councillor Robert Mallinson, who in my view is an asset to not only the ratepayers but the council itself.

**Q15. YOUR ADDITIONAL FEEDBACK/COMMENTS**

Dixon Park Redevelopment Group would like to seek agreement with the council to work in partnership to redevelop and maintain Dixon Park. We are a group of like minded people, formed from parents and Rotary members. As yet we have not formally established as a legal entity. We will fall under Rotary as the legal entity umbrella. We want to upgrade, maintain, and redevelop the facilities. We want to breathe new life into it for a new generation. We want it to be accessible for all ages, and abilities, including the disabled community. We are interested in working in partnership with the council and involve the wider community. We are open to talking with other submitters with the same passion. Volunteers are a core part of our vision. It will be a substantial fundraising challenge. To develop a way forward, we are interested in knowing what funds the council has available. We will also apply to other funding sources and develop a detailed budget. As Rotary members, we have a strong track record of completing volunteer, community projects. This includes a new garden and facilities at Te Nikau Hospital. We would like to speak to our submission. We are also interested in direction on what we can and can't do; guidelines around rust work, painting etc, and approved equipment suppliers. We are also interested in wider direction. Nicola Davy Peter Davy Trish Roney Kelsie Hibbs 0224098623 Brent Woolhouse Rae Hopkinson

#### Q15. YOUR ADDITIONAL FEEDBACK/COMMENTS

Enviroschools is a nationwide network with over 1,600 schools and early childhood centres empowering learners of all ages to build resilient, connected communities through learning and taking action together. There are 23 Enviroschools in the West Coast region — that's 46% of the region's schools and ECE centres. We reach nearly 20% of the regional population through our work with students, staff and school whānau. In the Grey District, there are 7 (soon to be 8!) Enviroschools. The Enviroschools network in Grey is growing! Over the past year, we've brought on three new Enviroschools in the district and we're in the process of bringing on another in the coming months. There is momentum in the community to be part our kaupapa which contributes to GDC's LTP community outcomes and Refuse & Recycling targets as well as outcomes of the Draft West Coast Regional Waste Management and Minimisation Plan. Grey District Council has supported Enviroschools since 2014. Thank you for your long-term support enabling local schools and communities to be part of the Enviroschools network. Your funding, alongside funding from Buller and Westland district councils and the Department of Conservation contributes to our base of operational costs and the employment of two part-time Enviroschools facilitator/regional coordinator roles for Te Tai o Poutini. Continued funding and support from GDC is crucial to maintaining this momentum. Through this submission, we request your continued support and funding from the Waste Levy. When possible, an increase in funding would help us better meet demand and deliver high quality education and sustainable community collaborations as would a longer-term agreement. Regarding the central government requirement for territorial authorities to provide kerbside organics collection services (Draft LTP p. 76), Enviroschools supports the current feasibility study being undertaken and we look forward to working with council and the community on a positive and cost-effective model, including supporting education and engagement on the topic. We're also keen to get schools engaging with council to help shape local solutions to climate change. Please find attached a copy of this submission with some further information and images. Warm regards, Lauren Kelley Enviroschools West Coast Regional Coordinator

**Q12. FEEDBACK ON THE ISSUES:**

Agree with all spending outside of the Floodwall The CBD part of the town of Greymouth is obviously lacking in adequate height above sea level, and previous good planning to ensure key structures are done on the cheap, or basically in the wrong place. Now is either a good time to SPEND UP BIG or walk away me thinks.

---

**Q13. YOUR FEEDBACK ON PROPOSED RATES**

As far as rates go its a bit like filling in "potholes" Yes if its all filled in.

**Q15. YOUR ADDITIONAL FEEDBACK/COMMENTS**

AgFest West Coast wish for the Grey District Council (GDC) to agree in principle to support the event being hosted in Greymouth to the level of previous commitment by GDC. AgFest West Coast are committed to working collaboratively with the new GDC Management to ensure this event continues to be hosted under a long-term future agreement in Greymouth. This event has proven already the benefits that it brings to the businesses and residents of the GDC, whilst at the same time enabling Greymouth to be a focus town for a positive event that brings the West Coast together, as well as many visitors to the district. A post AgFest 2022 Event Economics Report is available should this requested by the GDC Councilors, which shows these benefits.
